

✂ cut out for your laundry room

Routine Washing Instructions for your Cloth Diapers & Accessories

1. Dump all dirty/wet diapers + Diaper Pail Liner into washer
2. **COLD** plain water soak, rinse or short wash cycle, NO detergent
3. **HOT** wash with ½ amount of recommended detergent
4. 2 RINSES at any temperature
5. Line dry or dry in dryer on **MEDIUM** – covers, pocket shells and tote bag/pail liners do best with line drying, but are OK in the dryer

Please remember – no fabric softeners, no bleach, wool needs special care

Routine Washing Instructions for Wool Diaper Covers

1. Fill the sink with room temperature water and mix in a small amount of liquid wool wash or baby shampoo to the water and swish around, or run the soap bar under the tap as the sink is filling.
2. Turn the cover inside out and submerge. If you are using a bar, lather up your hands with the soap now. With liquid soap or a bar, you'll need to massage the wool fibers gently. If you agitate the cover, the wool fibers will felt (join together) and you will get some shrinkage.
3. Drain water and rinse your diaper cover with room temperature water to remove the soap.
4. Gently squeeze out the water – never wring. Roll up in towel to squeeze out excess water and lay flat to dry.
